

Triax BB Grid - band IV/V aerial (UHF)

With high gain and an excellent front to back ratio this aerial ensures perfect TV reception. The reflector grid is galvanised ensuring long service life.

The aerial has a very even gain curve and is suitable for stacking, e.g. on a special tube for 2 or a double tube for 4 aerials.

The UHF grid aerials are packed in cartons of two.

UHF BB Grid

UHF BB Mini-Grid

Accessories for stacking BB Grid

- Stacking filter - see page 59
- Mounting pipe - see page 67
- Mast amplifier - see page 32-48
