

# Emergency-Stop Head RXJBUV

## General Data

|                            |                                |
|----------------------------|--------------------------------|
| Type reference             | RXJBUV                         |
| Description                | Emergency-stop Head, foolproof |
| Approvals                  | CCC, TÜV_SÜD, CE               |
| Degree of protection       | IP65                           |
| Max. storage temperature   | -50°C ... 85°C                 |
| Max. operating temperature | -30°C ... 70°C                 |
| Mechanical life            | 50,000                         |

## Technical Data

|                                  |                                          |
|----------------------------------|------------------------------------------|
| Mounting aperture                | 22.3mm                                   |
| Tightening torque (mounting nut) | max. 1.5 Nm                              |
| Release                          | twist release, left or right             |
| Mounting position                | any                                      |
| Standards                        | EN 60947-5-1, EN 60947-5-5, EN ISO 13850 |

## Note

- with switching position indicator
- yellow anti-lock collar
- foolproof acc. to EN ISO 13850
