General technical data

display version LED
percental drop-out voltage related to the input voltage
protection class IP
operating frequency without load
operating frequency with load
switching behavior
design of the switching function
design of the switching function positively driven
mechanical service life (operating cycles) typical
electrical endurance (operating cycles) at AC-15 at
230 V typical
thermal current

monostable changeover switch No 10 000 000 70 000

reference code according to IEC 81346-2 Substance Prohibitance (Date)
