

Notes:

- 1. All parts must be cleaned and dried before packing
- 2. Burrs to be removed
- 3. Max cutting radius R= 0.1mm if nothing else specified
- 4. Dimensions without a specified tolerance and tolerance of any undimensioned feature of a 3D model to be accordance with Tolerance Table for Linear Dimensions
- 5. For complete documentation, this drawing must be accompanied by a 3D CAD-file with Part Revision number as stated in the title block
- 6. All Dimensions to be measured after before coating
- 7. Dimensions in this drawing are numbered by the numbers: ① - ③② Only dimensioned with a dimension number are to be measured.
- 8. Dimensions removed: 2,13,16,17,18,20,24,25,26,27,28,29,30,31,32
- 9. Flatness and all other dimensions to be measured while unrestrained.
- 10. All materials must be RoHS compliant.
- 10. Changes since last approved version:

Tolerance Table for Linear Dimensions		
Dimension		Tolerance
0.5	- 3	±0.2
3	- 6	±0.2
6	- 30	±0.3
30	- 120	±0.4
120	- 400	±0.6
