

## Aura Light's LED range for public areas

Downlights and spotlights for maximum energy saving

# Brighter Lighting

---

Did you know that 40% of office energy consumption derives from lighting? What is the cost of your lighting maintenance?

Aura Light has been providing lighting and helped their customers since 1930. Today we provide lighting solutions that are smart, sustainable, economical and long lasting. We call it Brighter Lighting. Our sustainable lighting solutions enable professional customers to reduce cost, energy consumption and environmental impact.

## **Our sustainability commitment**

Aura Light's history is rich in brighter ideas for more intelligent and environmental friendly lighting – from the very first original Long Life light to today's LED solutions, that can reduce energy consumption by up to 80%.

Our aim is to innovate – to develop lighting solutions that are more energy efficient and resource efficient than ever before. This is good for our customers, good for the environment and good for the world at large.

Aura Light makes life simply brighter.

## Aura CompoLED Long Life

---

Aura CompoLED Long Life is a new type of replaceable LED light source for new LED luminaires and solutions. It is ideal for offices, retail, public areas, hotels, restaurants and museums and is equipped with a unique QuickChange™ easy mounting system, which makes it easier, faster and more cost efficient to change the LED light source. Aura Light believes in modularity for sustainability. Instead of having to install a complete new luminaire you will be able to only change or upgrade the LED light source.

### Benefits:

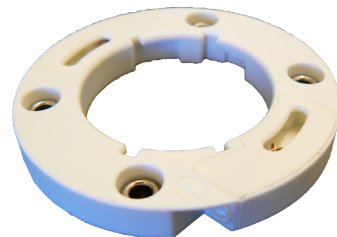

- High light output – up to 2000 lm
- High efficacy - up to 125 lm/W (4000 K)
- Excellent colour rendering
- COB LED array protected by sealed glass lens
- 60.000 hour lifetime guarantee (L70B10)
- Dimmable

### Ideal for:

- Offices
- Retail
- Public areas e.g. receptions
- Hotels and restaurants
- Museums

## QuickChange™

The QuickChange™ labeling means that the luminaire is modular and that the LED light source easily can be replaced.

## LED luminaires for Aura CompoLED Long Life

---

### Maximum energy efficiency for general lighting

Save up to 70% on energy consumption compared to CFL downlights only by changing to Aura Light's new and unique downlight.

Aura Conspecto is as recessed LED downlight sized for easy replacement of compact fluorescent luminaries. This LED luminaire is far more energy and cost efficient than compact fluorescent alternatives and is ideal for corridors, boutiques and shops, hotels, restaurants and lobbies.

### When you need excellent accent lighting

With these downlights you will be able to save up to 50% energy consumption compared to halogen downlights and still maintain the light quality.

Aura Aperius is a range of recessed LED downlights and is available in three versions; recessed version, semi-recessed and cardanic adjustable. The downlights are ideal for accent lighting in corridors, boutiques and shops, hotels, restaurants and lobbies.

### A spotlight with both the look and technology

Aura Emanio is an energy efficient LED spotlight solution for 3-phase lighting track. This spotlight saves up to 70% energy compared to halogen spotlights and suits perfectly for boutiques and shops, museums, art galleries, corridors, hotels, restaurant and lobbies.

This is a spotlight that has both the look and the technology.

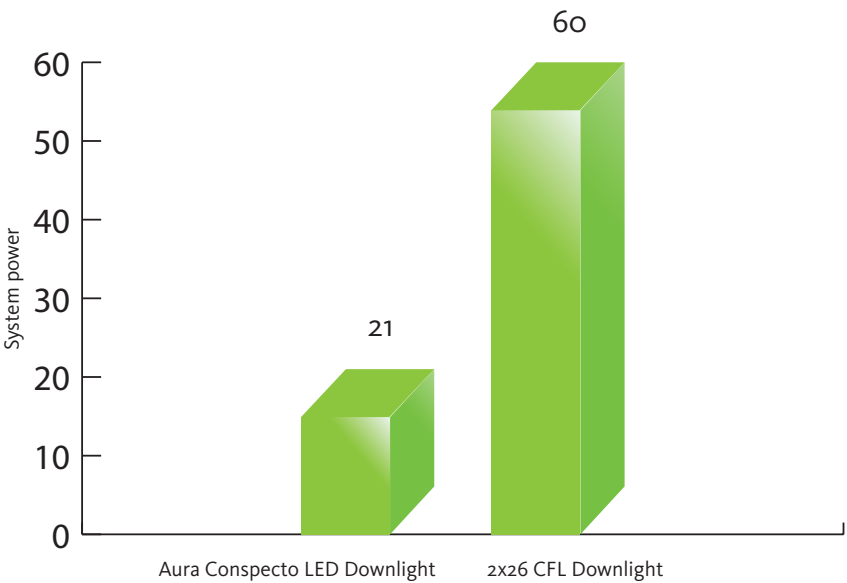

# Comparison Aura Conspecto vs. regular CFL downlights

	CONSPECTO LED DOWNLIGHT	2 X 26 CFL DOWNLIGHT
INPUT POWER (W)	21	60
TOTAL LUMINAIRE LUMINOUS FLUX IN 4000 K (LM)	1 690	1 980
LIFETIME OF LIGHT SOURCE (HOURS)	60 000	12 000

## Energy consumption

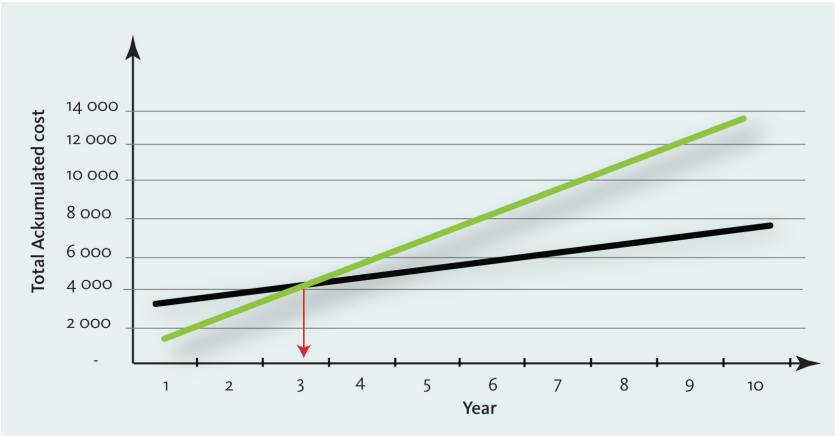

»Finally there is an energy efficient and upgradeable LED downlight which delivers what it promises«

# Total lifetime cost for example installation of 25 downlights\*

	CONSPECTO LED DOWNLIGHT	2 X 26 CFL DOWNLIGHTS
ENERGY CONSUMPTION PER YEAR (KWH)	2 300	6 570
ENERGY COST PER YEAR (EUR)	460	1 314
NUMBER OF LAMP REPLACEMENTS OVER 10 YEARS	-	3

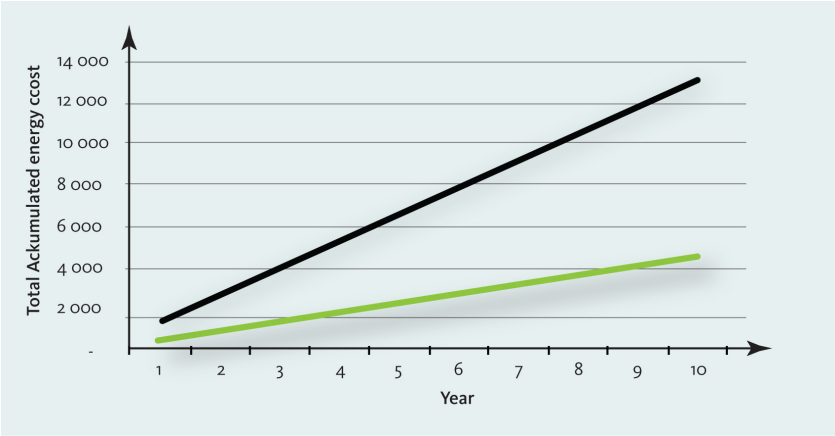

\*Number of Luminaires: 25, Power Cost (0,20 EUR/kWh). Average Daily Use (12 h): 12, Days Use Per Year: 365, Labour Cost (30 EUR)/hour). Year 1 costs include an approximate initial purchase price for 25 luminaires.

Aura Conspecto LED Downlight    2x26 CFL Downlights

3  
year payback on  
investment

## Total Energy cost over 10 years

Aura Conspecto LED Downlight    2x26 CFL Downlights

8541 EUR

Total energy savings  
over 10 years
