Om os

ANTIDARKS KOLLEKTION ER KARAKTERISTISK, MINIMALISTISK OG TIDLØS

Vi brænder for at skabe belysning, der giver den helt rette stemning og det perfekte lys. Vi stræber efter at udvikle produkter, hvor design og kvalitet går op i en højere enhed.

Design er ikke blot godt design. Lys og lamper handler om mere end flot og æstetisk look. Vi designer belysning, som former det rum du befinder dig i, hvad enten det er ude eller inde, så det bliver smukt, behageligt, beroligende og afslappende at være i og samtidig fremhæver de øvrige elementer i rummet.

Lys er et af de vigtigste parametre. Det sætter dagsordenen for, hvordan rummet tager sig ud med hensyn til farver og stemning.

About us

THE ANTIDARK COLLECTION IS CHARACTERISTIC, MINIMALIST AND TIMELESS

We are passionate about creating lighting for the perfect atmosphere and illumination. We strive to develop products where design and quality come together.

Design is not just about good design. Lighting and lamps are about more than getting an attractive and aesthetic look. We design lighting that shapes the room or space you are in, whether you are indoors or outdoors, so that the room or space becomes an attractive, comfortable, soothing and relaxing place to be in, while at the same time emphasising all the other elements that are present.

Light is one of the most important parameters. It sets the agenda for how the room looks in terms of colours and atmosphere.
