

RT PRO is a 7W Integrated IP65 Fixed Downlight, with a slim profile making it perfect for almost all applications and ceilings even when covered by all types of insulation. The RT PRO is packed with features and benefits which allow for a quick and cost effective installation whilst still providing users with optimum performance and energy saving LED technology.

- Dimmable integrated downlight for use in almost any ceiling
- High performance up to 100lm/W
- Can be covered by any type of ceiling insulation material
- Airtight for reduced energy loss
- IP65 & Class 2 rated for wet environments (zone 2)
- Slim recess depth of 31mm for use in shallow ceiling voids (60mm space required with driver)
- Edge to edge multifaceted polycarbonate lens for low glare and halogen like appearance
- Wide 60° beam angle delivers increased light distribution
- Aluminium high end sleek finish
- Supplied with remote led driver with loop-in loop-out fast terminals for ease of installation
- 3 year warranty
