GALATEA LED

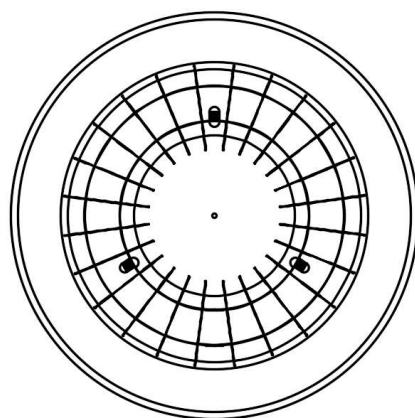

SE: Pendlad armatur som kombinerar vacker design med modern LED-teknik och hög ljuskvalitet. Galatea passar exempelvis för foajé, konferensrum eller över matsalsbordet. Galatea fungerar både som platsbelysning och som allmänbelysning eftersom bländskyddet skapar en väl avvägd ljusfördelning.

EN: Suspended luminaire which combines an elegant design with LED technology and high light qualities. Galatea is suitable for example foyer, conference room or over dining table. Galatea works both as spot lighting and general lighting because the glare protection creates a well-balanced light distribution.
