

Outdoor light

Sensor Light LED

EAN 4007841008215

Functional description

On automatically in the evening - off automatically in the morning: our photo-cell-controlled light for lower energy costs when using standard luminaires. The ideal solution for everyone who's fallen in love with their conventional luminaires at home. The LED sensor-switched light comes in the form of a conventional light bulb and fits all E27 sockets. The integrated photo-cell controller switches the LED light ON automatically at the onset of dusk and OFF again at dawn. With an LED life expectancy of 25,000 hours.

Technical specifications

Mains power supply	220 – 240 V , 50 / 50 Hz
Sensor Technology	Light sensor
Output	8,5 W
Luminous flux	710 lm
Beam angle	138 °
Colour temperature	3200 K
Colour Rendering Index CRI	80-89
LED life expectancy (max. °C)	25000 h
Base	E27
LED cooling system	Passive Thermo Control
Twilight setting	15 – 15 lx
IP rating	IP20
Manufacturer's Warranty	3 years
With remote control	No
Version	8.5 W
