The Electrical Tape

For daily insulation, harnessing, and marking

3M™ Temflex™ 1500

General Use PVC Electrical Tape

When you need a dependable general purpose PVC electrical tape, use 3M™ Temflex™ 1500. This affordable solution offers reliable performance for protective jacketing, harnessing, marking and insulating low voltage cables in non-critical applications.

Product Highlights:

- More stretch and flexibility than Temflex™ Tape 1300 for better general use bundling, insulation, and sealing
- Suitable for moderate indoor and weather protected outdoor uses between 0°C and 90°C
- Ideal for general use insulation, colour coding for phase identification, wire marking and safety
- VDE Certified, IEC 60454-3-1-5/F-PVCP/90 and RoHS2015/863/EU Compliant
- Available colours:

Medium Duty Applications

Wire Identification

Wire and Cable Bundling

Good Stretch and Adhesion

Important Notice

Before using this product, you must evaluate it and determine if it is suitable for your intended application. You assume all risks and liability associated with such use.
