

✕ 4 & 8 Module Capacity Patch Panel Frames

✕ Accepts Copper & Fibre Modules

Features

- 4 & 8 Module Capacity Patch Panel Frames
- 1U of Rack Space
- Accepts Copper & Fibre Modules
- Toolless assembly and module fitting

Product Overview

The Excel Mixed Use Panel accepts either and/or both copper and fibre modules. The ability to have fibre and copper presented in one panel offers flexibility in the installation, reduces required rack space and provides future proofing in system design. Useful in the extremes of installations from data centres where the mixed use panel may aid separation of the routes of cabling, to a remote wall box that has a small number of fibre and copper links, the Mixed Use panel will suit any environment. The construction of the panel has a chrome colour finish and may be used for either screened or unscreened copper cabling and LC or MTP fibre connectivity. A 4 or 8 module Mixed Use panel is available, both using 1U of rack space.

Photography shows 1U 4 Port, 1U 8 Port panels loaded with Copper and Fibre optic modules.

Product Dimensions and Materials

Dimension	Value
Width	482 mm (19")
Height	44.4 mm (1U)
Depth (without modules)	73 mm

Diagram shows fibre (left) and copper (right) modules loaded into the Mixed Use Panel

Part Number Information

Part No.	Description
100-230	1U Mixed Use Patch Panel Frame - 4 Module - Unloaded
100-231	1U Mixed Use Patch Panel Frame - 8 Module - Unloaded

Compatible Copper Modules

Part No.	Description
100-235	Excel 6 Port Category 6 Unscreened Module
100-236	Excel 6 Port Category 6 Screened Module
100-237	Excel 6 Port Category 6A Screened Module

(all modules supplied loaded)

Compatible Fibre Modules

Part No.	Description
201-600	Excel 6 Port Duplex (12 Fibre) OM3 LC Module
201-601	Excel 6 Port Duplex (12 Fibre) OM4 LC Module
201-602	Excel 6 Port Duplex (12 Fibre) OS2 LC Module
201-610	Excel 6 Port Duplex (12 Fibre) OM3 LC to MTP Module
201-611	Excel 6 Port Duplex (12 Fibre) OM4 LC to MTP Module
201-612	Excel 6 Port Duplex (12 Fibre) OS2 LC to MTP Module

(all modules supplied loaded)

System Warranty

The Excel System Warranty provides a 25-year product and applications assurance of compliance with the industry performance standard appropriate to the class of cabling installed. The warranty may be applied for by an accredited Excel Partner who has designed, supplied and installed the said system.

Excel is a world-class premium performing end-to-end infrastructure solution - designed, manufactured, supported and delivered - without compromise.
