Instruções de instalação

(FR) Présentation du produit

Le TN002S est composé d'un connecteur RJ45 et d'un support modulaire clipsable dans un coffret de communication.

Spécifications techniques

- Conforme à la norme : EN 60603-7-5.
- Conformité "CE"
- Contacts autodénudants sans outil.
- Code de couleur normalisé : EIA/TIA 568 A & B.
- Connecteur RJ45, Cat 6 STP.

(GB) Product scope

TN002S unit comprises an RJ45 connector and a modular support to be clipped into a communication box.

Technical specifications

- Product complies with Standard: EN 60603-7-5.
- "CE" Conformity
- Self-stripping contacts (no tool required).
- Standard Colour Code: EIA/TIA 568 A & B.
- Connector RJ45, Category 6 STP.

(SE) Presentation av produkten

TN002S består av ett RJ45 kontaktdon och en modulär hållare, för DIN-skena, i en mediacentral.

Tekniska data

- Uppfyller norm : EN 60603-7-5.
- "CE" Märkt
- Kontakterna är självavskalande (utan verktyg).
- Standardiserad färgkod: EIA/TIA 568 A & B.
- RJ45 Kontaktdon, Kategori 6 STP.

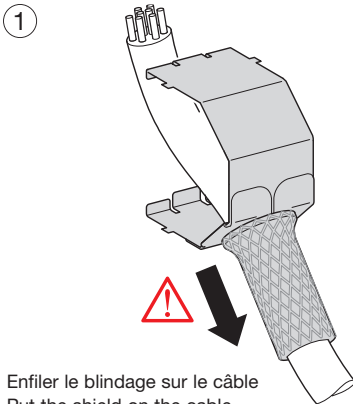

(PT) Apresentação dos produtos

O TN002S é composto por um conector RJ45 e um suporte modular para fixação num armário de telecomunicações.

Especificações técnicas

- Conforme a norma: EN 60603-7-5.
- Conformidade "CE"
- Contactos de cravação sem alicate.
- Código de cores. normalizado: EIA/TIA 568 A & B.
- Conector RJ45, Cat 6 STP.

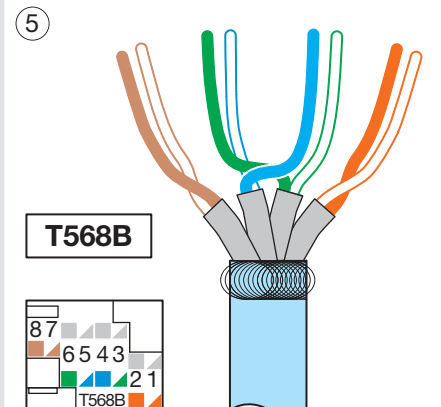

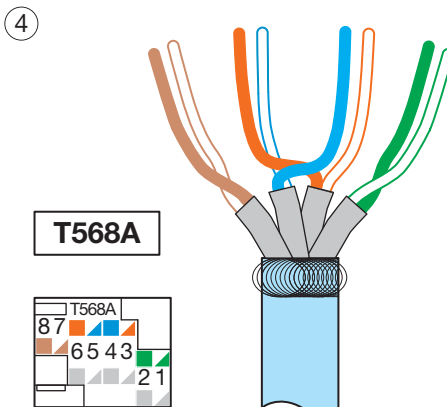

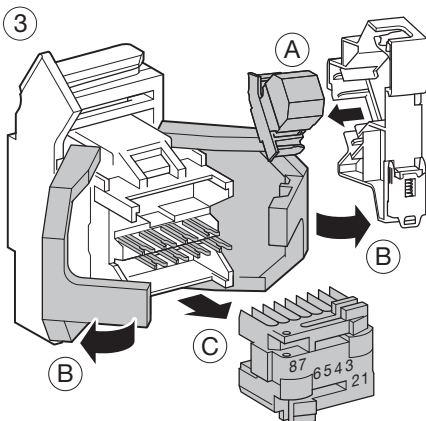

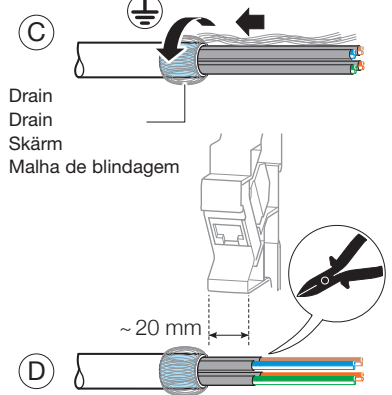

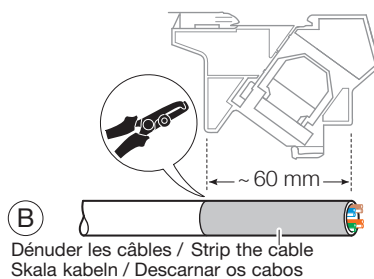

Montage / Installation / Montage / Montagem

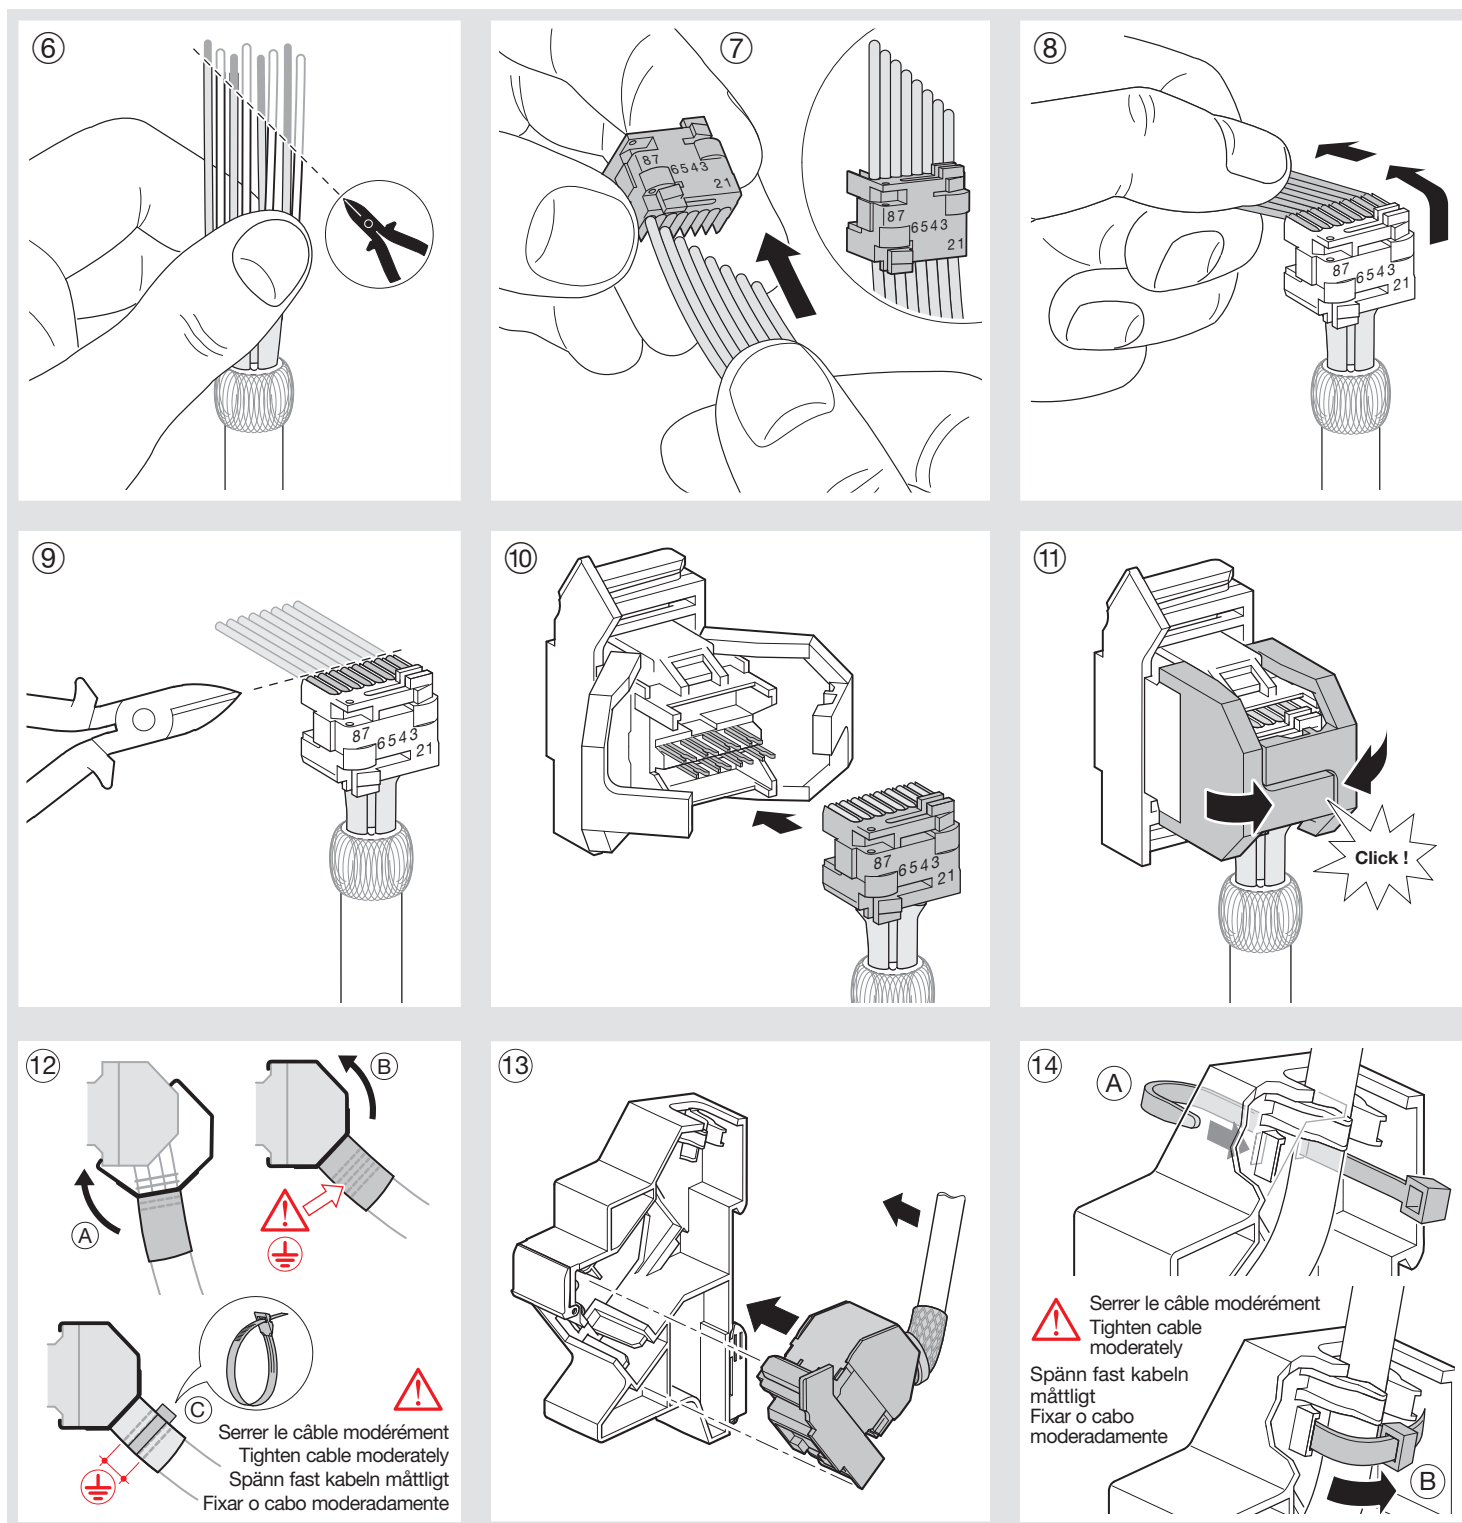

Enfiler le blindage sur le câble
Put the shield on the cable
Drag ut metallskärmen över kabeln
Enfiar a blindagem sobre o cabo

2) Câble Cat 6 / Cable Category 6 / Kabel av CAT 6 / Cabo Cat 6 STP

- (A) Jeter les premiers cm de câble ayant servi à la traction.
Throw away the first cm that were used in traction.
Kasta första cm av folien.
Retirar os primeiros centímetros de cabo que deverão que não deverão estar em condições de utilização.

Démontage du connecteur / Connector removal / Kontaktadonets demontering / Desmontagem do conector
