

New Field Plug CLASS E Cat6, STP **GGM NFPLUGITC6S**

The GIGAMEDIA field plug offers the advantage of a fast and easy assembly in the field - without specific tool. The solid zinc die cast housing ensures best EMC-characteristics especially in the industrial setting. The insulation displacement and a low contact resistance guarantee the safest bonding of the cable up to 8 mm thick connection cables with the cross sections AWG23/1 - AWG26/1

- Class E, 1 000Base-T, 2.5GBase-T and 5GBase-T
- Die Cast housing, STP
- AWG23/1 - AWG26/1
- max. cable OD acceptance : 8 mm
- Strain relief through cable gland
