

XP Fit 8° SC/APC SM field installable connector **GGM SCAXPFIT09**

GIGAMEDIA's XPFIT pre-polished connectors are an easy and cost-effective termination solution.

Their mechanical splice technology require no epoxy or polishing, which allows for faster deployments and greatly reduces operational expenditure.

- Factory-terminated SC/APC 8° connector for optimized performance
- Green connector body
- Boot: suitable for 900 µm fibre, white
- Fibre conformity: IEC 60793-2-10 B1
- Insertion loss (typical): 0,2 dB
- Return loss (typical): 60 dB
- Matings: 500 (? 0,1dB typical change)
- Tensile strength: 4 N (900 µm)
- Operating temperature: - 40 °C to + 75 °C
- 8° angle cleaved fibre: make sure to use GGM CLEAVSCAPC cleaver to ensure correct fibre alignment
