

19" Cabling floor standing cabinet GIGARACK Type 250 42 U 600 x 600 - Black GGM AL4266N

Warning !
This picture does not show the exact color

The rigidity and the load capacity of the aluminium frame, the high level of equipment, finishing, the aesthetic... to summarize, a added value product !

The screws assembly design of the frame allows a complete disassembly of the cabinet, very convenient in case of difficult access.
