# INFRALAN® OC45 Keystone Class EA

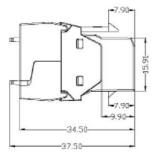

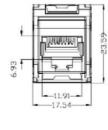

#### **Product Details:**

Screened Class E<sub>△</sub> Keystone Jack

### Approvals:

- Screened Permanent Link Class E<sub>△</sub> by GHMT
- Screened Channel Link Class E₁ by GHMT
- · Applicable Specifications:

TIA/EIA-568-C.2 (2009-08) ISO/IEC 11801 AMD2 (2010-04) IEC 60603-7-51 PoE+ IEEE802.3at

## **Electrical Specifications:**

- Insulation Resistance: > 500 MΩ
- Dielectric Withstand Volt: 100 V AC RMS 60 Hz
- Contact Resistance: < 20 mΩ</li>
  Current Rating: 1.5A @ 68°F
- EMV-EN 50082-1; EN 55022

#### **Mechanical Specifications:**

- Plug Insertion Life: > 750 times plug in
- Temperature Range: -40°C ~ +66°C
- Contact Plating: 50µ" gold plated over contact area

### Packaging:

- Each in poly bag, including instruction manual
- Included accessories: dust cover, copper foil, cable tie
