

1-port PoE+ injector (25.5 W) GGM POEINJPLUS

GGM POEINJPLUS is 1 gigabit Ethernet input (data only) port and 1 output (data + power) port power over Ethernet injector which is designed for small or medium network environment to strengthen its network connection.

GGM POEINJPLUS is a high power, PSE Power Injector for use in Power over Ethernet systems. The internal current limit and short-circuit protection are designed to provide up to 25W of PSE output power for power hungry PoE applications such as WAPs, security cameras and RFID readers

Specifications

- 1 Ethernet Gigabit input port (data only)
- 1 Ethernet Gigabit output port (data + power)
- Compliant with IEEE 802.3af
- Smart Plug and Play
