

NANOKOM MAST AMPLIFIERS

LTE700, 2nd Digital Dividend

| REF. | DESCRIPTION | EAN 13 |
|--------|---|---------------|
| 561421 | MAST AMP.12..24V 3I/1O UHF-UHF-SATmix | 8424450201718 |
| 561521 | MAST AMP.12..24V 3I/1 B3/U-FMmx-SATmx USOS | 8424450202449 |
| 561620 | MAST AMP.12..24V U-Vmx-SATmx USOS AUTOLTE | 8424450187388 |
| 561621 | MAST AMP. 12..24V 3I/1O U-Vmix-SATmix USOS | 8424450203224 |
| 561721 | MAST AMP.12..24V 3I/1O UHF-UHF-VHFmix | 8424450201725 |
| 561821 | MAST AMP. 12..24V 3I/1O BIII-U-FMmix USOS | 8424450201732 |
| 567810 | KIT: MAST AMP. 3I/1 + PSU 12V (561621+579401) | 8424450174043 |

Active devices that **filter and amplify television signals** (terrestrial and/or satellite) and allow the installer to adapt the output level to the characteristics of the distribution network. They are mounted on the antenna mast, thus enduring adverse weather conditions. They are **powered through the output coaxial cable**.

- **LTE/5G filter** to remove mobile phone interference.
- **“USOS” technology** (*User Selectable Output Signal*): the installer selects the desired output level, which remains stable. The device automatically adjust gain according to the input signal variation.
- ON/OFF switch to allow **DC pass** towards the UHF input for the powering of a BOSS system.
- **Separate amplification** and **very low noise figure**, thus respecting signal quality.
- **“EasyF” connection system**, reliable and safe, saving up to 50% of the installation time.
- Can be powered in the **12-to-24V range**.
- **High-screening Zamak chassis**.
- Resistant ABS-plastic orange case for outdoor installation.
- **Easy mounting**: equipped with a plastic tie for mast mounting.
- Fully automated manufacturing, subject to the most stringent quality controls.
- **RED compliant**.

AUTO-LTE FILTERING*

Auto-LTE filtering is taken into many LTE700 amplification products of Televes. It automatically **detects and**
